Hay Noc Clip Light

The Hay Noc Clip Light was designed by SmithMatthias, a London-based design studio that strives to create products that people can connect to and that are a pleasure to experience and use. This approach to design is reflected in the Noc Clip Light, which is part of the innovative **Noc Collection.** Created for use on tabletops, shelves, and headboards, the Noc Clip Light features a universal clamp, allowing it to be easily moved and secured in place.

Versatility is at the heart of the Noc Clip Light. The rotating shade, crafted from aluminium for durability, features two points of adjustment for focused precision lighting. An inline switch on the two-metre cable ensures ease of use for everyday use in domestic and commercial settings. Display in an office, at a bedside, or in a reading nook to use as a functional task light. Alternatively, display on a bookshelf or set of shelves to provide decorative ambient lighting. Available in Dark Grey and Off-White, the Noc Clip Light blends seamlessly into a range of interiors, particularly suiting contemporary decors.

PRODUCT SPECIFICATION

Light Source:	1 x Max 5.5W E14 LED (Excluded)
