PRODUCT DESCRIPTION

Designer: SmithMatthias

HAY Noc Wall Light

The HAY Noc Wall Light was designed by SmithMatthias, a London-based design duo founded by Jack Smith and Gemma Matthias. Known for reimagining everyday objects with intelligence, innovation, and careful attention to detail, SmithMatthias bring a refined simplicity to this compact wall light. Available in Off White and Dark Grey, the Noc Wall Light has a clean, minimalist appearance that allows it to sit effortlessly within a wide range of interiors.

A defining feature of the HAY Noc Wall Light is its adjustable shade, which allows the light to be directed with precision and ease. This makes it particularly well suited to focused task lighting, whether placed beside a bed, above a reading chair, or in a workspace. Complete with a cable and in-line on/off switch, the lamp is simple to install and ready to use straight away. Combining practical functionality with a sleek, understated form, the Noc Wall Light reflects the thoughtful design language seen throughout the **Noc Collection.**
