Moooi Perch Light Floor Lamp

Created by Umut Yamac, the Perch Light Floor Lamp is a highly ornate design inspired by nature. A bird perches gracefully on a tall metal branch, decorated with brass detailing. Yamac introduced an interactive element to the lamp, leaving the bird free to swing on its perch when touched. The bird's delicate form is created by folding polypropylene paper, adding the aesthetic of a traditional origami bird.

When illuminated, the polypropylene paper diffuses light into a soft glow, giving the appearance of a bird basking in the sun. This decorative glow creates a cosy and welcoming ambience, allowing you to create a comfortable sanctuary in any room. Place next to a sofa in a sitting room as a friendly companion that will provide you with a gentle illumination to read by. Display the Perch Floor Lamp with the **Perch Branch Suspension** to bring a flock of birds into the home.
