Original BTC Fin Wall Light

Original BTC's Fin wall light is derivative of the Fin collection which includes a variety of pendants, multiple suspensions and table and floor lamps. The handcrafted bone china shade is traditionally manufactured in Original BTC's factory in Stoke-on-Trent.

The Fin wall light comes mounted on a satin chrome base with matching stem and detailing with grey cotton braided cable to compliment the style beautifully. The bone china shades of the [Fin collection](#) by Original BTC create striking light displays and when unlit add a decorative style with a warm output of light when lit. The whole collection can be used in conjunction with each other to create a cohesive and dramatic lighting display. IP Code: 20
