PRODUCT DESCRIPTION

Designer: Naoto Fukasawa

Artemide Demetra LED Micro Wall Lamp

With its compact size and broad range of movement available, the Artemide Demetra Micro Wall Light becomes a premium task light. The head/diffuser is fully adjustable, allowing for a wide range of movement; you can tilt and rotate the head, while the arm is adjustable by up to 80°. As with most Demetra lights, the Demetra Micro has an integrated dimmer switch atop the head/diffuser. You can adjust light intensity and dim the wall light depending on the need and instantly change the room's atmosphere. Equipped with an integrated LED source, offering high-efficiency light and various interactive functions, Demetra lights offer the perfect balance of form and function.

Explore the **Demetra Collection** which includes a wide range of lights, floor lamps, desk and table lamps and spotlights. The Collection is further complemented with the addition of the **Demetra Professional** task lights, which offer high illuminance with a more complex diffuser. All of these lighting solutions can be used independently or alongside others in the range for a cohesive interior.

Please Note: The Artemide Demetra Micro LED Wall Light is also available in a white or anthracite grey finish. Please contact us for more information and pricing.
