PRODUCT DESCRIPTION

Designer: Eric Sole

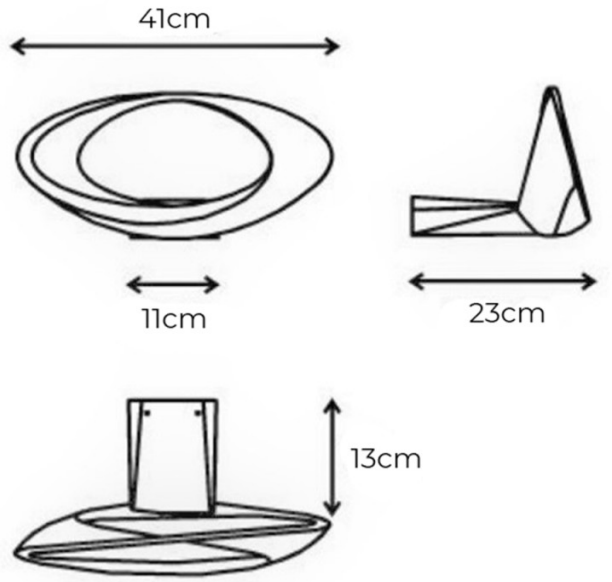

Artemide Cabildo LED Wall Light

A sculptural design by Eric Sole, the Artemide Cabildo Wall Light adds a unique aesthetic to interiors and is a true example of where lighting and artistic forms become one. The curved and twisted body of the lamp creates a play of light on the wall when the light flows through it, and the LED light source is available in either a 2700K or 3000K colour temperature.

The white aluminium finish of the Cabildo Wall Light ensures it can adapt to a vast variety of modern interiors, and the fitting can be installed on its own or in multiples and linear rows for larger spaces. An excellent addition to hallways, entryways, dining areas, kitchens and living rooms.
