PRODUCT DESCRIPTION

Designer: Herzog & De Meuron

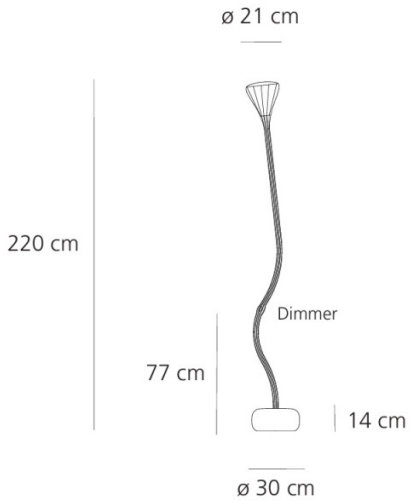

Atermide Pipe LED Floor Lamp

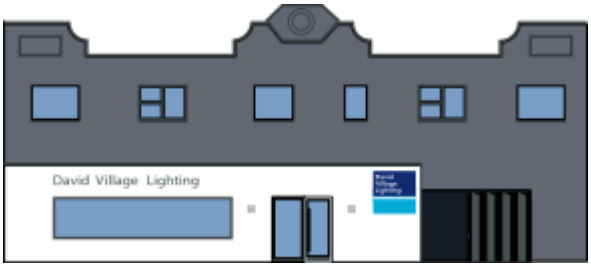

The Pipe Floor Lamp is a whimsical lamp that offers flexibility and movement, featuring a fully adjustable upper stem and rotatable diffuser. The stem is covered by a silicone sheath, chosen for its durable, anti-yellowing qualities. The diffuser is crafted from transparent polycarbonate with a rubber-effect coat, with a transparent lens and an internal reflector.

The Pipe Floor Lamp has been reintroduced, featuring an integrated LED light source for eco-friendly, energy-efficient lighting. The conical shade casts a wide beam of directed light, while the perforated diffuser allows some light to escape for captivating ambient lighting. A touch dimmer on the stem allows users to adjust light intensity to suit any mood. Display in an office or beside a sofa for a functional reading light that will add a playful personality to the room.
