Focus Table Lamp by Muuto

We currently have limited stock of this item in our [Clearance section](#).

A truly Scandinavian design at its heart, the Muuto Focus Table Lamp features a classic black finish, which allows the small oak details to shine through. The designer, Andreas Bergsaker, emphasises traditional craftsmanship and tactile qualities which are evident through this design and the detailed grooves throughout the structure. The extended base of the Muuto Focus Lamp allows you to store small and precious items beneath the glow of the lamp, which is illuminated by the direct downlight expressed from the lamp.

The compact size of the Focus means it can perfectly fit on a shelf, a bedside table or the windowsill, creating an ambient lighting atmosphere in any room without taking up too much room. The Muuto Focus' wooden components are shaped on a lathe machine and once all electrical components are hidden within the body of the lamp, it is then painted, highlighting and presenting the grain beneath.
