### Ambit Rail Lamp by Muuto

An extension to the [Ambit Collection](#), Muuto have developed a new interpretation of the quintessential billiard table lamp. Muuto's Ambit Rail is constructed out of three shades mounted onto a tube; a well-known yet charming typology which showcases what seems like a reformed, modernised chandelier. As with the rest of the Ambit Collection, the Ambit Rail is a lamp with lots of character, leaving a minimal yet striking impression which complements a diverse set of surroundings.

The Muuto Ambit Rail was created with fluidity in mind - all joints and cables are hidden, and the supporting wires are remarkably thin, meaning the lamp appears seamlessly float in mid-air. Available in 5 colours, the Ambit Rail provides robust light that works great above a kitchen counter, bar or office desk.
