PRODUCT DESCRIPTION

Designer: George Carwardine

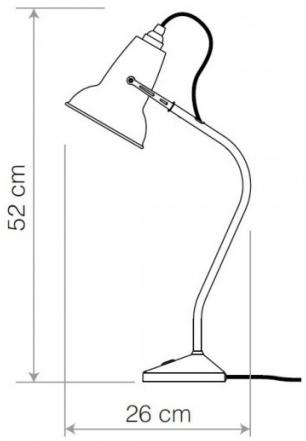

Anglepoise Original 1227 Mini Ceramic Table Lamp

Part of the **Anglepoise Original 1227 Mini** series, the Original 1227 Mini Ceramic Table Lamp features the same compact form that is synonymous with the range. The shade is crafted from bone china, giving the lamp a softer aesthetic than the original. This delicate appearance and small size make it a perfect fit for a bedside lamp, providing an effective reading light with a soft, ambient glow.

The Original 1227 Mini Ceramic Table Lamp features an integrated on/off switch on its base. The pyramid-shaped base is ergonomically weighted to provide balance and sturdiness. When switched on, the ceramic shade turns translucent, creating a warm glow that bathes the surrounding space. The chrome-plated fittings complement the glossy smoothness of the shade, while the grey fabric cables provide a subtle textural contrast.
