ANGLEPOISE®

Original 1227 Mini Ceramic Table Lamp by Anglepoise

The Original 1227 Mini Ceramic table lamp is part of the 2017 [Anglepoise Original 1227 Mini Ceramic collection](#), a range that has reinvigorated the classic 1935 Anglepoise lamp design by George Carwardine. Like the [1227 Mini table lamp](#), this lamp is two-thirds of the size of their classic Original 1227 lights, bringing a more compact and functional table light.

Made with bone china, the delicate shade turns translucent when turned on, bringing a new level of sophistication to the Anglepoise brand. With a fixed bent arm, this design moves away from the 3-spring Anglepoise mechanism, but still maintains a good directional light with an adjustable shade. Suitable for commercial and home spaces this lamp is perfect for bedside tables and will add elegance in the room with its warm glow and pretty shade.

Designer: George Carwardine

IP Code: 20
