Brokis Muffins Table Lamp

The Brokis Muffins Table Lamp offers a beautiful balance of expressive design and subtle illumination. Its signature hand-blown glass shade appears to billow gently above a solid wood base, creating a tactile, warm presence in the room. Designed by Lucie Koldova and Dan Yeffet, the lamp's form has become an enduring part of contemporary lighting design. The exposed filament bulb adds a nostalgic glow that further enriches its cosy ambience.

Available in four sizes and a broad selection of finishes, the Muffins Table Lamp allows for personalisation of both the glass and the base. Whether placed on a sideboard, bedside table, or in a lounge setting, it introduces a calm and comforting atmosphere. The largest size can also function as a floor-standing lamp, giving you even more flexibility across different interior zones.
