Brokis Muffins Suspension

A defining piece in modern lighting, the Brokis Muffins Suspension Light is as expressive as it is timeless. Its design centres around a voluminous glass dome that floats from a handcrafted wood socket, housing a filament bulb that creates a rich, diffused glow. Originally launched in 2010 and now a signature design for Brokis, Muffins continues to evolve with new materials and finishes, including anniversary editions featuring rare marbles and colour-tinted glass.

This suspension light is available in three sizes and multiple finishes, allowing it to adapt to a variety of interiors, from open-plan kitchens to hospitality spaces. Display it as a single sculptural pendant, or arrange in clusters for larger installations. The light output can be further influenced by your glass selection, ranging from near-transparency to softly tinted opaline tones.
