PRODUCT DESCRIPTION

Designer: Lucie Koldova

Brokis Mona LED Pendant

Suspended with poise and personality, the Brokis Mona LED Pendant embodies the creative ethos of designer Lucie Koldova. A cylindrical LED tube is set directly through a voluminous glass shade, allowing the light to pass through and below the fixture. Suspended by soft leather straps, the pendant delivers a striking mix of natural materiality and advanced lighting technology. The balance between glass, leather, and metal makes this pendant both functional and highly decorative.

Whether used solo above a table or kitchen island, or arranged in clusters at varying heights, the Mona Pendant offers atmospheric light and refined presence. With multiple glass finishes and sizes, it lends itself to personalisation, supporting a broad range of interiors from modern residential spaces to luxurious commercial settings.

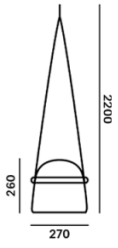

Please note that the Mona pendant lights with grey and natural leather straps come with a white canopy, and black and dark brown leather with a black canopy.

Alternative dimming options are also available, including Dali, 1-10V and Casambi. Please contact us for more information and pricing.
