Brokis Mona LED Table Lamp

Compact and compelling, the Brokis Mona LED Table Lamp distils the essence of the Mona collection into a portable format. The hand-blown curved glass shade, traversed by a tubular LED, is paired with a metal base and subtle controls. The light softly diffuses through the glass while casting a clear downward glow, making it ideal for bedside tables, workspaces, or quiet reading areas.

This table lamp is fully customisable, offering a choice of glass tint, base finish, and even cable colour. Touch dimming functionality adds an intuitive experience, making this lamp as practical as it is beautiful. Whether used as a standalone accent or as part of a broader Mona lighting scheme, it provides elegant, atmospheric light with a modern edge.

Other colour temperatures are available, please contact us for more information and pricing.
