PRODUCT DESCRIPTION

Designer: Boris Klimek

Brokis Night Birds Suspension

The Brokis Night Birds Suspension Light is a poetic and sculptural lighting piece inspired by the elegance and spontaneity of birds in flight. Designed by Boris Klimek, the Night Birds collection showcases a refined production process where molten glass is cast and then carefully bent to resemble wings mid-motion. Each light is crafted with subtle variations, making every piece unique.

Available in three distinctive silhouettes, the Night Birds Suspension Light can be used individually or, for full dramatic effect, arranged in clusters to evoke a flock of birds in formation. Each light is equipped with a GU10 LED source embedded into the metal fixing, casting a functional yet ambient downward glow. Finished in white, dark, or translucent Brokisglass, these luminaires offer atmospheric charm for both private and commercial interiors, particularly in stairwells, lobbies, or dining areas.

PRODUCT SPECIFICATION

Light Source: 1 x Max 5W GU10 (Included)

IP Code: 20

Dimming: Dimmable via Triac dimming.

Dimensions:

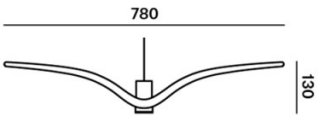

PC962:
Width: 78cm
Height: 13cm
