Axolight Orchid 4 Suspension

The Axolight Orchid 4 Suspension is inspired by nature, drawing from the quiet elegance of a blossoming flower. Designer Rainer Mutsch studied the way flower buds connect to their stems to create the flower-shaped diffusers on a slender horizontal frame. The Orchid 4 Suspension features four conical diffusers, which, as well as echoing delicate flower buds, effectively prevent overheating.

When illuminated, the conical shades create a wide beam of light. Each diffuser faces a different direction, allowing for a multidirectional spread of light. This bright illumination is well-suited above a surface in an office, kitchen, or dining room to provide functional task lighting. Its sculptural design allows the Orchid 4 Suspension to create a captivating, eye-catching display, even when not in use. In commercial spaces, the Orchid 4 suits contemporary office and hospitality settings.

The Axolight Orchid 4 Suspension is available in 15 bold finishes, including yellow, red, green, brown, and grey. Contact us for more information.
