Brokis Knot PC1019.

KNOT is a collection of stately pendent lights that appose two dramatically dissimilar materials. The design combines coarse natural fibre with smooth, transparent blown glass to arouse a contrast as striking as it is dignified. Full-bodied globes of varying shapes and sizes are penetrated by robust cords that seemingly pull the bottom of the glass inward for a bemusing plastic effect.

Different dimming options available, please contact us for more details.

The main image shows Smoke Brown Transparent Glass – Brass Finish – Natural Cable.
