PRODUCT DESCRIPTION

Designer: Lucie Koldova

Brokis Puro LED Pendant

Minimalist and expressive, the Brokis Puro LED Pendant is a bold reinterpretation of the classic linear pendant. Its cigar-shaped tube, suspended in space, references purity and rhythm while delivering a soft, diffused glow. Designed by Lucie Koldova, the Puro Pendant is formed from handblown glass and finished in a mix of gloss and matte textures, lending each light an understated complexity. Within the tube is an integrated LED source, available in multiple colour temperatures for greater flexibility in ambience.

Whether displayed as a solo vertical pendant or as part of a dramatic multi-light cluster, the Puro Pendant creates dynamic architectural compositions. Choose from black or white fittings and various cable finishes to match your interior palette. Ideal for dining rooms, reception areas, hospitality environments, and creative workspaces.

There are also different lighting outputs and dimming options, including Dali, 1-10V and Casambi, available. Please contact us for more details and pricing.
