PRODUCT DESCRIPTION

Designer: Alberto Meda & Francesco Meda

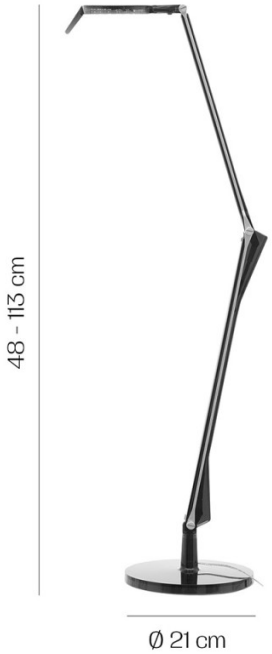

Kartell Aledin Tec LED Table Lamp

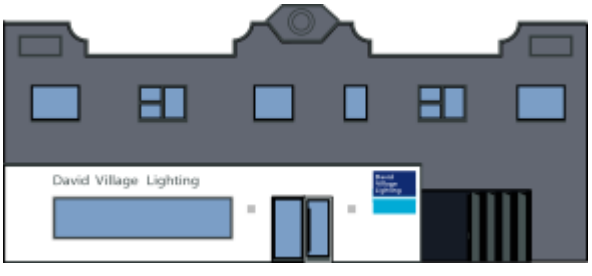

The Kartell Aledin Tec Table Lamp is best known for its distinct flat diffuser, designed by Alberto and Francesco Meda. Its structure is crafted from two polycarbonate arms that encase two aluminium rods that transmit electricity to the LED light source, concealing any wires and ensuring the result is a sleek, minimalistic silhouette. The Tec Table Lamp can be dimmed via an integrated dimmer on the product, with class 3 being its highest function, emitting about 600 lumens; while the use of the latest LED generation means there is a considerable saving.

A sibling to the **Aledin Dec**, the Tec Table Lamp is available in 5 translucent colour options: amber, blue, green, transparent and smoke and now 2 new matt finishes, matt black and matt white. The flat head emits a direct light and is adjustable, making it a perfect fit for a desk lamp.

PRODUCT SPECIFICATION

Light Source:	4.2W, 2700K, 600 Lumens
IP Code:	20
Dimming:	Integrated dimmer on the product.
Dimensions:	Arm Length: 48cm - 113cm Base: Ø21cm
