Foscarini Twice as Twiggy Floor Lamp

The Foscarini Twiggy collection has grown and become "oversized" in the Twice as Twiggy version: a significantly sized lamp dedicated to large rooms, which nevertheless retains the lightweight feel and flexibility of the original version. This goal has been achieved thanks to genuine technical artistry: the long arched rod, in fact, retains a slim diameter, thanks to a steel cable which is concealed within it, while the lampshade, which is both large and extremely light-weight, is balanced by the appropriately sized base.

A system of counterweights allows the height adjustment of the lampshade, fitted with 2 LED boards, with a dual effect: direct down-light and diffused up-light. The Twice as Twiggy Floor Lamp is available in 4 sophisticated colours so you can find the right finish to match your interior design. Use in many big spaces to provide effective and functional illumination.
