PRODUCT DESCRIPTION

Designer: Tom Dixon

Tom Dixon Beat LED Floor Lamp

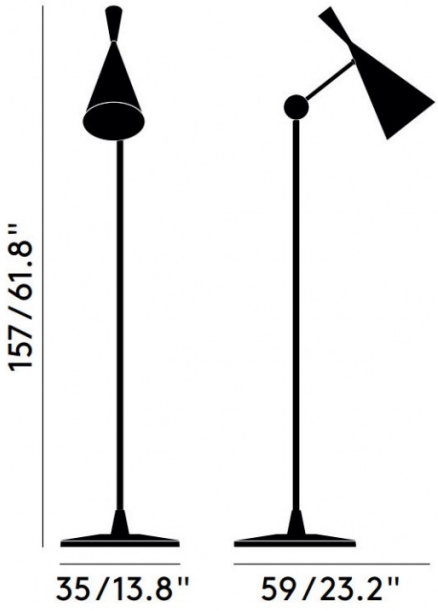

The Tom Dixon Beat Floor Lamp is a stylish directional lighting solution, made from solid brass and available in two finishes, each with a 'beaten' brass interior. Beat boasts a slim articulated arm that can be directed to aim the light beam for different purposes, whether for reading or other tasks. The conical shade of this floor lamp adds a stylish aesthetic and also assists in directing the illumination, whilst the brass interior warms the output, resulting in an inviting glow.

The Beat Floor Lamp is perfect for homes or commercial spaces, creating an ambient effect with an industrial and modern style. The cable features an in-line on/switch offering easy use. Display this floor lamp next to a sofa, in a cosy reading nook or in dining areas to curate a cosy ambience. It can be utilised individually or alongside other designs in the **Beat Collection**.

Please Note: the newer version of the Tom Dixon Beat Floor Lamp offers a replaceable LED component.
