## PRODUCT DESCRIPTION

**Designer:** Tom Dixon

### Tom Dixon Beat Table Lamp

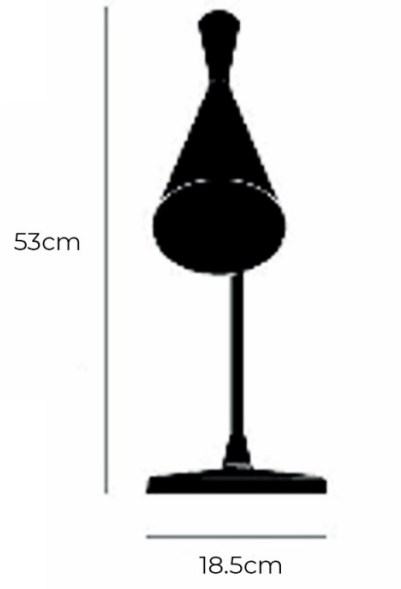

Boasting a slender articulated arm that allows you to easily adjust the direction of the illumination, the Tom Dixon Beat Table Lamp is ideal for task lighting. It is crafted from spun metal and boasts an interior with a 'beaten' brass finish - the result is an elegant contemporary lighting solution that can easily adapt to both residential and commercial interiors.

The Tom Dixon Beat Table Lamp is formed of geometric shapes and utilises an in-line dimmer on the cable, allowing you to seamlessly adjust the lighting output and generate an atmosphere that suits your needs. The Beat Table Lamp is a beautiful addition to your office desk, in your living room or as a bedside lamp. It can be displayed independently or alongside other applications in the **collection** for a cohesive aesthetic.

**Please Note: the newer version of the Tom Dixon Beat Table Lamp offers a replaceable LED component.**
