PRODUCT DESCRIPTION

Designer: Tom Dixon

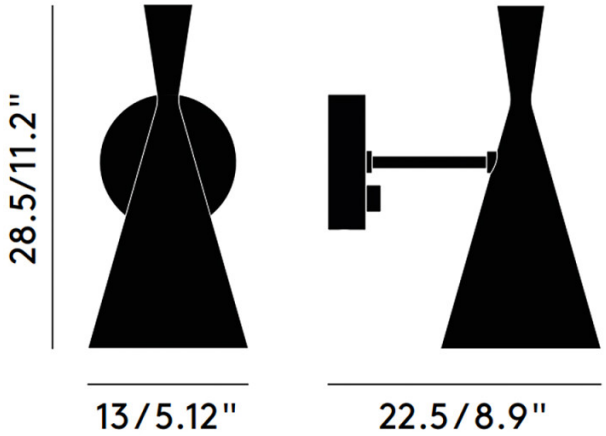

Tom Dixon Beat Wall Light

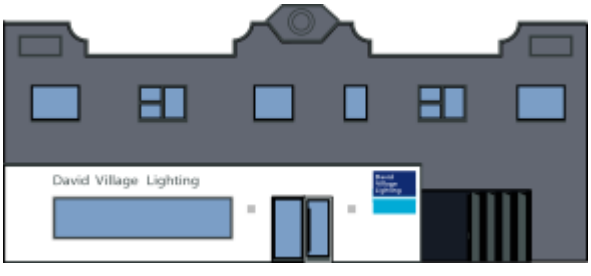

Easily adjustable and boasting the classic geometric silhouette seen throughout the range, the Tom Dixon Beat Wall Lamp provides soft directional illumination and a contemporary aesthetic. An addition to the celebrated original Beat Light, crafted from spun brass, the Tom Dixon Beat Wall Light incorporates the familiar hand-beaten shade with a solid brass dimmer dial. This dial allows you to easily personalise the lighting output to suit you and your needs and also means this wall light can be utilised as task or ambient lighting.

Available in a black finish, the Tom Dixon Beat Wall Light provides direct light and is perfect as a reading light next to your bed, a way to provide accent lighting in living rooms or to create a cosy ambience in dining spaces. This industrial-styled lighting solution easily adapts to both residential and commercial interiors.
