PRODUCT DESCRIPTION

Designer: Bertjan Pot

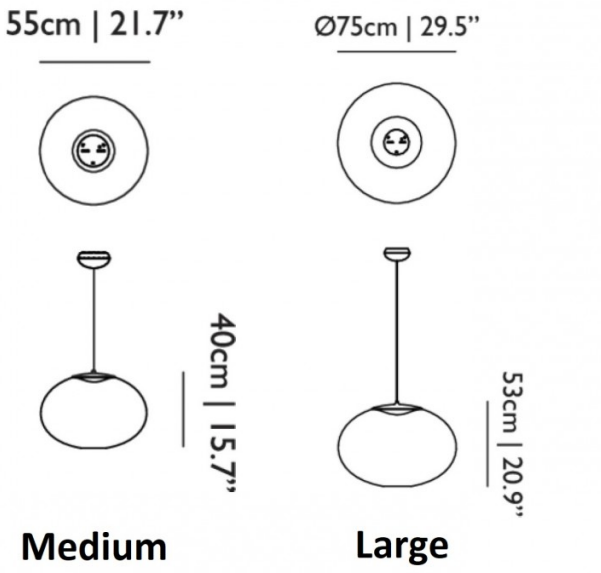

Moooi NR2 LED Suspension Light

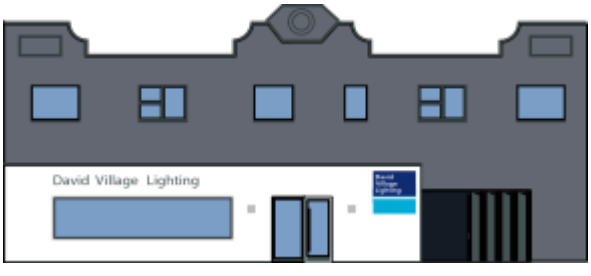

Designed by Bertjan Pot, the NR2 was first presented at Milan Design Week in 2016 and has since been part of Moooi's permanent collection. The mesh shade gives the pendant a weightless appearance while avoiding causing a visual block in the room. The lattice pattern looks ornamental, whether switched off or on. When illuminated, light shines through the fine web, causing it to glimmer in the light.

The NR2 Suspension is available in two colourways, white or black, with a matching cap, cable, and ceiling canopy. A choice of medium or large allows the pendant to fit into a range of interiors. The contemporary design falls into place in any modern interior, while bringing an element of calmness to a maximalist's home. Create an installation that perfectly fits its space by displaying the NR2 in clusters, in varying sizes and heights.

PRODUCT SPECIFICATION

Light Source:	**Medium**: 12W, 2596K, 576 Lumens **Large**: 26W, 2468K, 1047 Lumens
IP Code:	20
