Moooi Filigree Floor Lamp

Rick Tegelaar designed the Filigree Floor Lamp after questioning what distinguishes a lamp from a light source. A delicate network of wires forms the elegant shade, resembling fine filigree jewellery. A translucent screen is stretched tightly, enhancing the lamp's ornamental look, which is just as decorative when turned off as it is when switched on.

Created from stainless steel with brass elements, the Filigree Floor Lamp has a sophisticated aesthetic with a touch of luxury. When lit, the PP translucent screen diffuses light, distributing a soft and even glow across the room. When pointed towards a wall or ceiling, the ornamental filigree structure projects a play of light and shadows onto the surface. The Filigree Floor Lamp is a beautiful luminaire that is perfect for adding a cosy and welcoming ambience to a lounge or sitting room.
