Brokis Balloons Table / Floor Lamp

The Brokis Balloons Table Lamp is a distinctive glass luminaire that draws inspiration from the soft contours of a hot air balloon. Designed by Lucie Koldová and Dan Yeffet, it features a handblown glass body that envelops a gently suspended metal reflector, casting ambient light upwards. The layered construction creates the impression of a single, sculptural volume while celebrating the craftsmanship behind each component.

When illuminated, Balloons emits a warm, inviting glow perfect for side tables, consoles, or shelves. When unlit, it acts as a statement object, its form and materiality remaining visually compelling. This table lamp is available in three sizes and the choice of a curated glass and metal finishes, allowing you to personalise it to suit your space. Elegant and atmospheric, it brings artisanal richness and quiet drama to both residential and hospitality interiors.

Please note, a range of colours are available for the glass, reflector and cable. Contact us for pricing and information.
