Kartell All Saints Mirror LED

The Kartell All Saints LED Mirror is a highly functional and eye-catching design, crafted from colourful or transparent PMMA. Similar to the regular **All Saints Mirror**, it utilises a circular pleated frame and is available in a variety of bold finishes. An excellent addition to bathrooms and dressing rooms, the All Saints LED Mirror also illuminates, emitting a warm backlight all around the mirror and making it perfect for getting ready in the morning.

Designed by Ludovica and Roberto Palomba, this mirror draws inspiration from the shade of the **Kartell Bourgie Table Lamp**, harbouring the same textured silhouette. The All Saints LED Mirror projects delicate reflections onto the wall, providing the same decorative lighting output as the Bourgie as well.
