Northern Say My Name Pendant

The Say My Name Pendant was created for Northern by Morten & Jonas. The uncluttered design and sleek profile of the pendant is a beautiful example of Nordic design. The Scandinavian duo successfully blur the line between art and design for this piece. The shade is mouth-blown in Venice by master glassblowers, who expertly transform molten glass into the delicate form of the shade. As they are handmade, each pendant will have slight variations, ensuring you have a truly unique piece.

The Say My Name Collection features a table lamp as well as a pendant. These can be installed together to create a consistent display throughout your home. Available in two finishes to match your interior: Smoked Grey Glossy and Smoked Grey Matt. The glossy variant allows you to see the light source which creates a striking effect for a contemporary display. Alternatively, the matt variant conceals the light source, diffusing light into a warm glow that surrounds the pendant. Display throughout the home to create ambient lighting in bedrooms, dining rooms, or the kitchen.
