PRODUCT DESCRIPTION

Say My Name Pendant Light by Northern

The expressive shape of Say My Name speaks volumes about light, colour and handcraftsmanship. The design combines contemporary lines and smooth contours with the artistry of traditional glass-making techniques. Function and form come together in two lights created in one signature style: a pendant light and a table lamp. The skill required to transform such a large mass of molten glass into a hollow sphere could only be found among master glassblowers in Venice, where each lamp is hand-blown entirely from Venetian glass.

Wire: Black rubber (smoked grey version)
