Northern Evergreen Large Pendant

SOURCE: <https://www.davidvillagelighting.co.uk/product/northern-evergreen-large-pendant/18218>

PRODUCT DESCRIPTION

Northern Evergreen Large Pendant.

Evergreen's classic design revisits the clean lines and classic shapes of the past, revealing how relevant they are to the interiors we live in today. Originally, pendant lamps were created to provide an industrial overhead light source, but gradually became style statements in themselves. Made in brass and crafted with a streamlined shade, Evergreen revives the beauty of understated materials and functional design. Evergreen is practical too, made in two sizes to spread overall ambient light or direct it onto specific areas. Whether suspended individually in the centre of a space, clustered together over a tabletop or hung in a row over a bar counter, Evergreen can create a focal point in any room. Evergreen's classic contours look good from every angle, and are guaranteed to remain in style for years to come.

Lamp excluded.

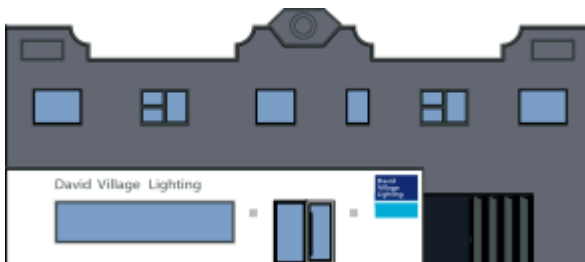

Wire colour and length: Black silk 300 cm
