PRODUCT DESCRIPTION

Northern Sunday.

Sunday is a wall light and shelf in-one. It is lit by using either a bulb or a candle. This petite design object was created by Frost Produkt after being invited by the Norwegian design magazine, Design Interiør, to create a lamp within the timeframe of a week.

Sunday may be used as a bedside table or in a hallway, in the chalet or actually anywhere you may need a combined light and a shelf. Vary the mood by simply turning the socket and relock it! The perfect mood maker for a Sunday morning in bed.
