PRODUCT DESCRIPTION

Designer: Trond Svendgård

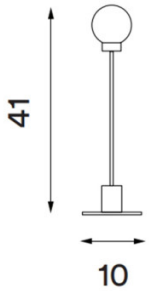

Northern Snowball Table Lamp

The Snowball Table Lamp was designed by Trond Svendgård for Northern. He drew inspiration from the classic Bauhaus lamp, adding a modern take to this design. The lamp features a sleek and clean profile. A linear stem rises from its geometric base, and at the top, a globe-shaped diffuser balances elegantly on a disc-shaped plinth. This creates a balance between the strict angles and the soft round globe; an alluring contrast in design.

The Snowball table lamp emanates a cozy, welcoming light. The diffuser filters light from within, surrounding the lamp in a warm glow. The Snowball is also available as a **floor lamp** which can be displayed with the table lamp to create a sense of balance. Place on a bedside table or shelving unit to provide a lighting solution that is both practical and beautiful. Perfect for use in domestic or commercial settings, the Snowball Table Lamp will add a touch of elegance to any interior.

PRODUCT SPECIFICATION

Light Source:	1 x Max 40W G9 (excluded)
IP Code:	20
Dimming:	In-line dimmer included on cable.
Dimensions:	Height: 41cm Width: 10cm Cable Length: 170cm
