PRODUCT DESCRIPTION

Designer: GamFratesi

Yuh Table Lamp by Louis Poulsen

A lamp with a background, the Yuh collection was designed by GamFratesi, a duo of architects, based on thorough research on the iconic Danish designers Poul Henningsen and inspired by Arne Jacobsen.

The Yuh takes some of its elements from the AJ lamp; the geometry of the shade, the angle and the alignment with the floor give it a bit of a sculptural or even architectural component.

The Yuh is meant to be personal, its flexible so that you can adapt it whichever way you want. You can incline, rotate, rise or lower the diffuser and using a built in dimmer you can adjust the brightness to your liking. The angle of the diffuser can be adjusted to direct the light where you need it, while a slim opening at the top allows for some light to escape and illuminate the lamp it self.

The table light is available in an all black or all white finish with an aluminium base, while the white/brass or black/brass finish option come with a matching colour marble base. Dimmer and switch are located at the top part of the tube, which can also act as a timer function to turn the light off after 0hrs/4hrs/8hrs.

PRODUCT SPECIFICATION

Light Source:	10W, 2700K, 446 Lumens
IP Code:	20
Dimming:	Integrated dimmer on the product.
Dimensions:	Height: 61cm Base: Ø20cm Cable Length: 250cm
