PRODUCT DESCRIPTION

Designer: GamFratesi

Louis Poulsen Yuh Wall Light

A lamp that is all about you. The Louis Poulsen Yuh Wall Light was specifically made to give you all the freedom to adjust the light as you wish: you can rotate, incline or move the diffuser up and down to adjust the lighting. The Yuh wall light emits a direct downlight and, as always, is glare-free. A slim opening at the top of the diffuser illuminates the light itself and brings a warm ambience to the room. GramFratesi, an Italian and Danish duo of architects, were inspired by Poul Henningsen's work, and the Yuh is their interpretation of the **AJ Collection** by Arne Jacobsen. They were inspired by the slim lines, angles and geometry of the lamp.

The Yuh Wall Light is available in a black and white colour, with a matching colour stem or a brass stem. The dimmer and switch, located on the wall box, allow you to dim the light or even set a timer function. You can select for the light to turn off automatically at 0hrs/4hrs/8hrs.

PRODUCT SPECIFICATION

Light Source:	10W, 2700K, 446 Lumens
IP Code:	20
Dimming:	Integrated dimmer on the product.
Dimensions:	Height: 62.6cm Depth: 29.6cm
