PRODUCT DESCRIPTION

84 Series Multiple Pendant Lights by Bocci

The 84 Series multi-pendant lights are made up of either 3 or 5 individual 84 Series pendants that are suspended from a round ceiling canopy. Each lampshade has a beautiful copper and white colour combination which results in gorgeous pink and copper colour tones that are mesmerising and stunning. The shade is made through a special process where a white glass bubble is put into a copper mesh which is then immersed into clear hot glass. The white glass then pushes through the mesh to create a pillowed effect that is alluring.

The Bocci 84 Series multiple pendant lamps have adjustable cables up to 300cm so you can position them how you like for a personalised touch. The multi-pendants are useful in big rooms as either feature lights or as a main light and will be a decorative and effective lighting element. Create a splash with this spectacular and eye-catching light!

The Bocci 84 Series Multi pendant is also available with 7 pendant lights. Please [contact us](#) for more information and prices.

Please Note: All Bocci Suspension Lights come with a white ceiling canopy as standard. Other finishes are available, please [contact us](#) for more information and pricing.
