Muuto Airy Half Coffee Table

The Muuto Airy Half Coffee table is the smallest in the collection, acting as a functional but minimalistic side table. It features a slender silhouette with a plywood tabletop, designed to formulate a light and airy expression through its clean lines and the table top appears to almost be floating above its thin steel frame.

Designed by Cecile Manz, the Muuto Airy Table has a playful yet quiet personality, it is a beautiful addition to contemporary living spaces, hallways and even bedrooms. Its range of neutral finishes allows it to easily adapt to a range of interior styles and can be displayed individually or alongside some of the larger pieces in the range.
