PRODUCT DESCRIPTION

Designer: Lee Broom

Lee Broom Decanterlight Bell Pendant

The Lee Broom Decanterlight Bell Pendant is crafted from hand-cut crystal and designed to hang in clusters, although can be displayed individually. The curved shade of Bell boasts an intricate pattern that resembles traditional whiskey glasses and decanters. The Bell Decanterlight bulb is exposed and provides an eye-catching ambient glow, which creates a subtle pattern of light once passed through the hand-cut crystal shade— overall, this pendant is a unique light fixture.

The [Decanterlight series](#) offers three varying shapes, all three offer something different, but together they can create a stylish pendant, which provides a beautiful lighting solution for your living room, hallway or over your kitchen island.
