## PRODUCT DESCRIPTION

**Designer:** Omer Arbel

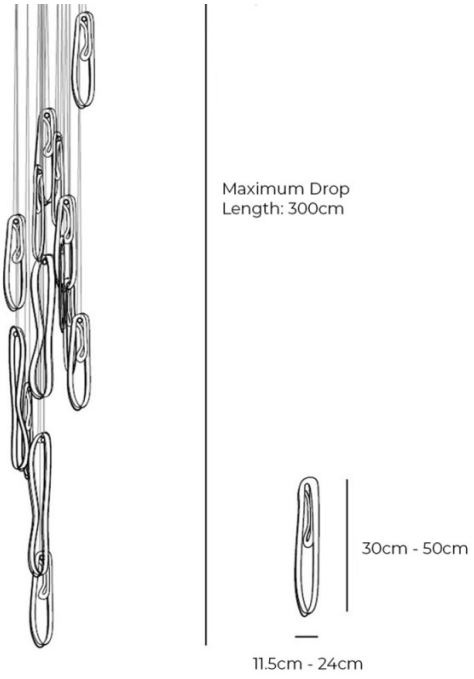

### Bocci Series 87 Chandelier Light

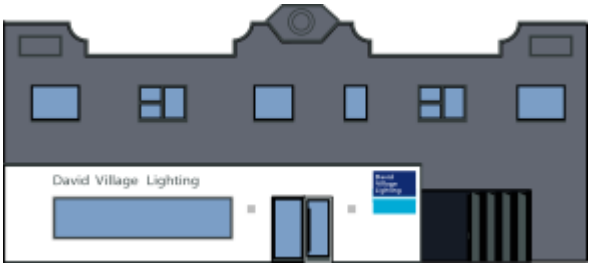

The Series 87 Chandelier by Bocci is a beautiful light fixture that is made up of pendants from the **Bocci 87 Series**. The lampshades are created in an interesting way, where soda water is used to trap air in a hot glass matrix, which is then folded and stretched around a peg as the glass cools down.

The technique creates a unique aesthetic, and with a transparent/white colour finish, the Bocci Series 87 Chandelier has an almost ethereal quality. Made up of either 11, 14, 20, 26 or 36 pendants, which are arranged on either a square, rectangular or round ceiling canopy, the light source sits at the top of the shade. The bulbs are included in the purchase, with the choice between a Xenon 10W or LED 1W light bulb. The cable lengths are non-adjustable and are arranged perfectly to provide a wonderful look and effective illumination.

## PRODUCT SPECIFICATION

| | |
|---|---|
| **Light Source:** | **Xenon**: Max 10W 2700K G4 Xenon (Included)<br>**LED**: Max 1W 2700K G4 LED (Included) |
