PRODUCT DESCRIPTION

Designer: Lee Broom

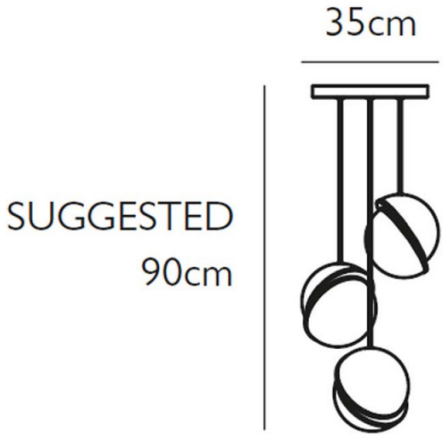

Lee Broom Crescent Mini 3 Chandelier

The Lee Broom Crescent Mini 3 Chandelier is characterised by its three illuminated spheres, well known for their unique diffusers. The opaque acrylic sphere is sliced asymmetrically in half to reveal a crescent-shaped brushed brass fascia, appearing to be frozen in time as each pendant grants the illusion of the top half of the diffuser slipping away. Each individual Crescent pendant in this chandelier hangs elegantly at various heights from a central ceiling plate, the cables offer you easy adjustability allowing you to personalise the height to whatever suits yours and your environment's needs.

The Crescent Mini 3 Piece Chandelier makes a beautiful centrepiece above your dining table or kitchen island, as well as over your coffee table or to illuminate your staircase. If you have a larger space, the **Crescent 5 Piece Chandelier** is a great alternative. This luminaire creates a warm and glare free ambient lighting, guaranteed to make your space feel more cosy and inviting.
