## PRODUCT DESCRIPTION

**Designer:** Morten & Jonas

### Northern Over Me Ceiling / Wall Light

Northern Over Me Ceiling/Wall Light is a stylish flush-mounted light designed by Scandinavian design duo Morten & Jonas. The design is an excellent example of Nordic lighting solutions, with a minimalistic profile that is as artistic as it is practical. The luminaire comprises of a smooth metal frame and a glowing glass disc, that casts diffused light from all sides. Its minimalist appearance and ability to attach to various surfaces compliments a wide range of contemporary interiors.

Over Me Ceiling/Wall Light is subtle enough to blend in with the ceiling yet striking enough to create a focal point when installed on a wall. Made in four sizes and four neutral finishes, Over Me will blend seamlessly into any interior whether domestic or commercial. This light is suitable for almost any room and is rated IP44 - certified for wet areas. The slim profile makes it an excellent choice for areas where conventional light fixtures won't fit.
