Northern Say My Name Table Lamp

The Northern Say My Name Table Lamp was designed by Scandinavian designers Morten & Jonas. This lamp is an excellent example of Nordic lighting solutions. The clean, elegant profile and unembellished surface are synonymous with Scandinavian design. The shade is mouthblown in Venice, where master glassblowers transform molten glass into the large hollow sphere of the shade. As each lamp is handmade, there may be slight variations from piece to piece, ensuring you have a truly unique lamp.

The Northern Say My Name Table Lamp is available in two finishes: Smoked Grey Glossy and Smoked Grey Matt. The glossy variant allows you to see the light source within the shade, while the matt variant conceals it, diffusing the light into a soft glow that surrounds the lamp. Both options showcase the artistic workmanship involved in their creation and are gorgeous decorative choices depending on your décor and personal taste. Perfect on a side table in a lounge or in commercial spaces such as hotel lobbies for a stunning display.
