PRODUCT DESCRIPTION

Designer: Inma Bermúdez

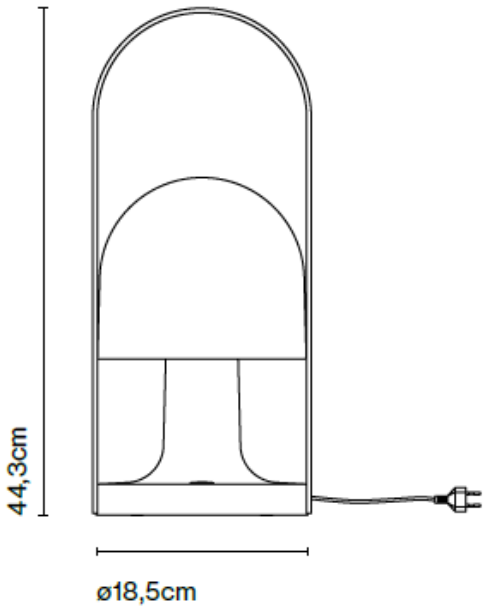

Marset FollowMe Table lamp

The Marset FollowMe Plus was introduced in 2017 as a larger and more dramatic version of the original FollowMe. In 2025, the FollowMe Plus has been re-conceived as a plug-in with a visually striking glossy white finish. Featuring the same curved polycarbonate shade but with an E27 light source instead of LED, the FollowMe Table Lamp is an organic addition to residential homes and commercial spaces. With a smooth white base and a contrasting plywood handle, this contemporary table lamp can suit a variety of interiors and personal styles, whilst the size allows it to be used as a table or a floor lamp.

The Marset FollowMe Plus commands the space and stands out for its ability to create a warm and cosy atmosphere. A welcoming addition to living rooms, bedrooms, reading nooks and dining spaces. The lighting output can be easily controlled via an elegant brass switch on the base, offering a functional, glare-free illumination for relaxation and day-to-day tasks.
