PRODUCT DESCRIPTION

Designer: Jonah Takagi & Hallgeir Homstvedt

Le Klint Lamella 2 Pendant

The Lamella 2 Pendant was designed by Jonah Takagi & Hallgeir Homstvedt. They drew inspiration from nature for this collection, which references the intricate pleats found on the underside of a mushroom. These pleats are commonly known as lamellae, where the collection gets its name. The shade is crafted in Odense, Denmark, hand-folded by experts to create the pleated structure that is synonymous with Le Klint. Metal detailing, available in aluminium or golden brushed aluminium, adds an elegant touch to the delicate-looking pendant.

The elongated shape of the Lamella 2 is well-suited to spacious rooms with high ceilings. The diffused light it creates adds a warm atmosphere to the room, perfect for communal spaces such as a living room. Install with the **Lamella Collection** throughout the home for a cohesive theme or, in large spaces, create an eye-catching display by creating a cluster of pendants in altering shapes and sizes.

PRODUCT SPECIFICATION

Light Source:	1 x Max 40W E27 (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Ø30cm Height: 52cm Cable Length: 300cm
