PRODUCT DESCRIPTION

Designer: Marc Sadler

Fabbian Beluga Royal Pendant

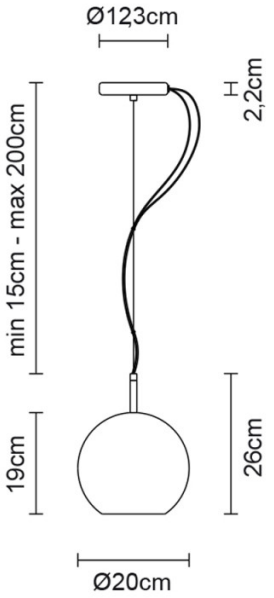

The Fabbian Beluga Royal Pendant is an elegant and luxurious addition to the Beluga collection. Unlike the other lighting solutions in the range, this pendant utilises more stripped-back colourways of Titanium, Copper and Gold - each created through a detailed metallization process, making it a beautiful addition to contemporary spaces.

Designed by Marc Sadler, the Beluga Royal Pendant utilises coloured glass shades and once the light is turned on, this hanging lamp becomes the star of any room, producing playful reflections that are created by the combination of light and metal. The Beluga Royal Pendant is striking when displayed individually and can create a breathtaking effect when used in a cluster.

Also available in larger sizes, please contact us for more information and pricing.
