PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Collect High Socket Pendant Dome Light

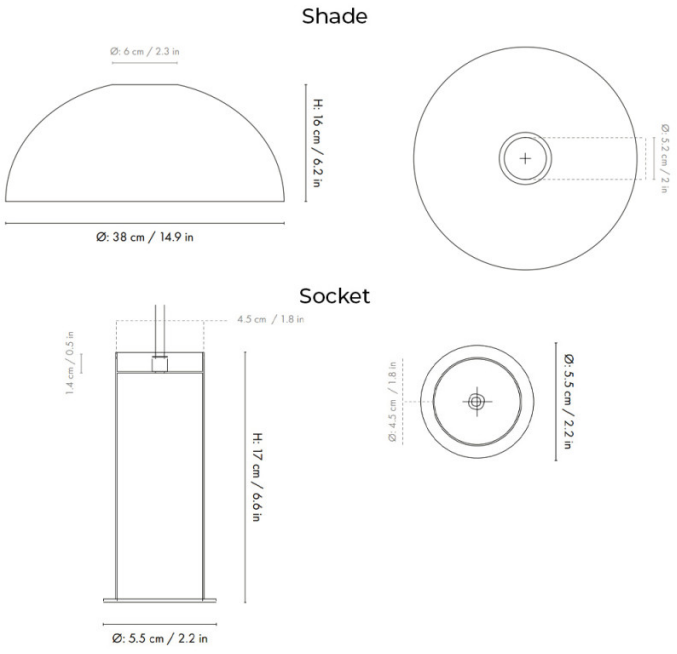

An elegant and adaptable addition to Ferm Living's Collect Lighting series, the Collect High Socket Pendant Dome offers a bold yet refined aesthetic. The large dome shade, crafted from powder-coated metal, enhances the light's diffusion, creating a balanced and inviting ambience. This high-socket version provides an elongated silhouette, adding height and a striking visual presence to any space.

Ideal for open-plan interiors, kitchen islands, and statement lighting above dining tables, the high socket design draws attention while maintaining a minimalist, contemporary feel. Equipped with a fabric-covered 3-metre cord, a coordinating ceiling canopy, and a decorative brass ring, this pendant seamlessly merges style and functionality. The dimmable feature allows for customisable lighting, adapting effortlessly to different settings.

Please note, this product is also available in a Low Socket version and a Brass Shade version.
