PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Collect High Socket Pendant Cone

A bold and striking addition to Ferm Living's Collect Lighting series, the Collect High Socket Pendant Cone combines contemporary style with practical functionality. The Cone shade features a distinctive, angular form that casts a downward glow, making it ideal for focused lighting in dining areas, kitchen counters, and workspaces. Crafted from powder-coated metal, the pendant has a refined finish that complements a variety of interior aesthetics.

The high socket version elevates the shade, creating a more prominent presence and making it well-suited for rooms with higher ceilings. Whether displayed alone or in a series, this pendant brings effortless sophistication to any setting. It comes equipped with a fabric-covered 3-metre cord, a coordinating ceiling canopy, and a decorative ring, allowing for seamless integration into your home or commercial space.

Please note, this product is also available in a Low Socket version, a Bell Socket version and a Brass Shade version.
