PRODUCT DESCRIPTION

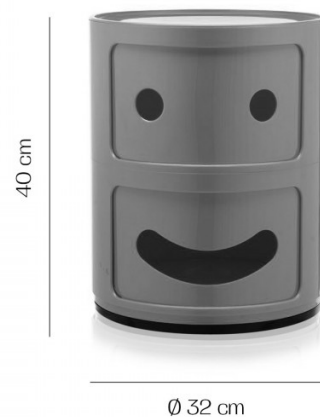

Kartell Componibili Smile Storage Unit

While retaining its original design by Anna Castelli Ferrieri, the iconic Kartell Componibili storage unit underwent a makeover by Italian designer Fabbio Novembre. Fabbio added a playful kick to the classic design, with the use of emojis. The Kartell Componibili Smile has the same holes, used to open each compartment, re-positioned to form the eyes or mouth opening.

The Componibili Smile collection are available in a red metallic colour and you can select between 3 emojis. This Kartell Componibili is the same size as the classic [2 compartment Componibili](#) and can be combined with others and stacked on top of others, if you wish to create your own unit. Its an ideal choice for a children's room or if you wish to add a vibrant kick into your home's decor.
