PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Marble Table

The Ferm Living Marble Table was created by Ferm Living's in-house team of designers. The Black Marquina marble surface adds a sophisticated elegance to any room. The table's durable frame is made from powder-coated metal, finished in a luxurious black that complements the marble.

The Marble Table is available in two sizes, medium and large, allowing you to choose the perfect table to fit your space. Display the table individually or both sizes together for furnishings that are as decorative as they are functional. The Marble Table is well-suited to a living room as a coffee table next to a sofa. In commercial spaces, the Marble Table is perfect for contemporary bars with minimalistic décor. Please note that as marble is a natural material, slight variations may occur from piece to piece.
