PRODUCT DESCRIPTION

Designer: Adriano Rachele

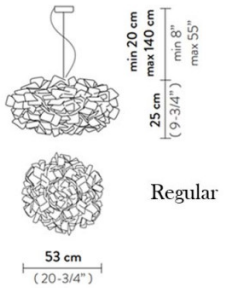

Slamp Clizia Suspension

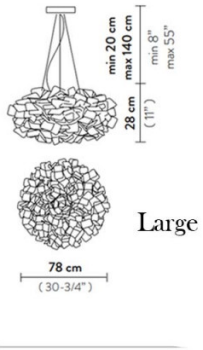

If you are looking for a functional light that is also guaranteed to catch your eye then the Slamp Czilia Suspension is for you. This luminaire is a brilliant combination of natural influences and a geometric design, the Czilia is hand made from Slamp's own semi translucent material Opalflex which resembles beautiful sea glass.

This suspension makes a perfect mood light. The Czilia light attracts attention thanks to its uncluttered appearance yet without completely dominating the room. This luminaire resembles a cloud that shines brightly through the sun behind it, or like a canopy whose leaves create an effective combination of light and shade. This bold design is available in a range of colours and sizes. The product is magnetic, allowing both easy assembling and the ability to remove for cleaning.
